DETAILED ACTION

Drawings

The subject matter of this application admits of illustration by a drawing to facilitate understanding of the invention. Applicant is required to furnish a drawing under 37 CFR 1.81(c). No new matter may be introduced in the required drawing. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d).

For examination purposes, the drawings published in the patent application publication No. US 2006/0244399 were considered.

Figures 1-3 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Objections

Claims 1 and 2 are objected to because of the following informalities: In line 2, respectively, delete "dynamic". Appropriate correction is required.

Allowable Subject Matter

Claims 1-25 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: The prior art fails to disclose an analog scanning processor to generate a correction signal that is proportional to $Kx^2 + (1-K)x^4$, where x is the distance from a mid point of a viewing surface of the CRT, and K is a real number in the range 0.00 to 1.00 (claims 1, 10 and 20).

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Infante, Pat.No. 5,428,270; George, Pat.No. 7,102,302; Cirot et al., Pat. No. 7,161,411; Kato, Pat. No. 6,088,015.

This application is in condition for allowance except for the formal matters presented above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
